PRELIMINARY AMENDMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

Prior to examination, please amend the above-identified application in the following manner.

IN THE SPECIFICATION:

Page 1, Paragraph Beginning at Line 15:

FIG. 14 is a structural drawing of a conventional optical fiber holding device.

Page 1, Paragraph Beginning at Line 17:

Referring to FIG. 14, reference numeral 1 denotes an optical fiber made of a core and a clad; 2 denotes a grating which is formed at a part of the core of the optical fiber and reflects an optical signal of a number of wavelengths; 3 denotes a heater which is made of a
